

Bacchus Marsh Golf Club
Course Strategic Plan
2025-2030

Strategic Aims

Improve & Evolve the Golf Course & Infrastructure

- Develop a long-term master plan for the entire course, equipment & facilities
- Baseline current course infrastructure, equipment & buildings
- Develop a vision for the golf course post 2030
- Plan priorities for golf course development
- Implement identified activities in line with labor & financial availability
- Monitor & Report to the membership progress on a 4 monthly basis

Improve & Maintain the Golf Course Throughout the Development Phase

- Develop a near-term plan for the continuous improvement of course playability
- Baseline current course infrastructure, equipment & buildings
- Plan priorities for existing golf course improvement
- Implement identified activities in line with labor & financial availability
- Monitor & Report to the membership achievements & issues that may impact their golfing activities
- Continually monitor that course staff are provided with clear direction & resources to successfully perform their daily planned tasks, unforeseen equipment & infrastructure failures and allocated projects
